## About TM-TOSS™

(Tulla Media – TOSS; Cloud Storage)

### IMAGINE

Imagine a world where your office follows you everywhere or anywhere at any time. Now imagine that all your client, supplier, employee and collaborators' information is safe at all times. Furthermore, imagine that you can manage all permissions, accesses, and more on command. This is possible and much more. Become a **MOBILE corporate, professional and entrepreneur** with the ultra fast, extra-secure, and extremely user-friendly TM-TOSS™.

## FEATURES

- Upload files up to 1TB (more available depending on your ever-growing needs) using the built-in file/automatic upload tool.
- You can backup your entire (up to 1TB or whatever your 1TB and up limit is) HARD-DRIVE directly to your TM-TOSS™ Account.
- It's easy and it's what we call "the sleeping pill". It allows you to be at ease knowing that all your information is always safe no matter what.

# EASY

**TOSS™** enables non-technical users to easily share and manage files online from anywhere. We provide the software so you can run your backups from MAC, PC or Linux.

1. Configure
2. You Already Know How to Use It
3. It's all in your **TOSS CLOUD – Relax!**
